The Culture Night in Kvarnbyn, arranged by Mölndal city, will this year be held on September 11. For one night visitors are invited to art exhibitions in the old brick buildings situated close to the dramatic rapids. The evening will also feature live music and dance from outdoor stages along with many surprises. This year's theme is "The Astronomy Year 2009". Last year the Culture Night attracted around 5000 visitors.

Welcome to the Culture Night in Kvarnbyn 2009!

**Print exhibition in Mölndal Museum café**

Two Finnish artists.

**Exhibitions**

During the "Culture Night in Mölndals Kvarnby" art exhibitions are going to be open in different places around the event area.

**Projections**

Artists from EPC carry through some experiments with images projected in the architecture of the old industry part of Mölndal. Performed by Ulla Magnusson, Rolf Gustafsson, Nils-Erik Mattsson and Jim Berggren.

**Workshop manual:**

This is how it works: If the workshop of your choice is "Workshop 1 Litho" or "Workshop 4 screen print" there are still possibilities to visit other workshops; to participate in sessions or to work with something else that you find nourishing.

In the evenings we will all gather for "Open table show" participating artists show their work – and we hope for a following interesting conversation with comments, questions and discussions!
